

Prescription Drug Take Back Programs

DISPOSE SAFELY. PREVENT ABUSE.

Dispose of unused or expired medications the safe way, by bringing them to an approved collection site.

Drugs that are thrown in the trash can be retrieved by others and sold, and flushing medication can potentially contaminate the water supply.

By safely disposing, you will help prevent poisoning, misuse and overdose in your community.

DO YOUR PART IN FIGHTING PRESCRIPTION DRUG ABUSE

by stopping by one of the following locations to drop off your expired or unwanted medications
