There have been issues with applying online -- here is the latest from IDES about them:

IDES is aware of the system issues many are experiencing that have led to frustrations during this stressful and uncertain time.

We have taken several steps to improve the performance and abilities of the website to handle the bandwidth of increased traffic, including moving the website to a new hardware infrastructure and increasing web capacity. We will continue to monitor and improve its functions and capabilities.

In the meantime, here are some tips to help you get through the system and file your claim online:

- Avoid peak hours and file before 10am and after 3pm
- Use a tablet, laptop, or desktop computer
- Do not use a smartphone
- Have your personal information ready, available, and accurate
- Help free up the call center queues and avoid calling about the status of your claim

IDES is doing everything possible to support our customers. We ask for your patience, understanding, and cooperation as we rise to meet the exceptionally high volume of traffic while working as quickly as possible to serve each customer's needs.

**The governor has stopped the “waiting week” for UI benefits temporarily during this crisis. The work search requirements have also been suspended temporarily.**

**The federal stimulus package has expanded unemployment benefits to include:**

- Self-employed people, and part-time, contract and “gig” workers who have lost or partially lost their employment because of the COVID-19 pandemic.

- Workers who have quit their jobs to care for family members who have COVID-19 or because their child's school or day care has closed can receive unemployment if they are not receiving paid leave from their employers.
- Eligible folks will receive an additional \$600 per week on top of the normal state unemployment benefit, through July 31, 2020. After that, the weekly benefit amount will return to its normal level.
- Unemployment benefits will be extended an additional 13 weeks.
- *The Illinois Department of Employment Security's system has not yet been set up to process these "non-standard" claims. They are working diligently on it, and will advise when they are ready. More information:*

## STAY AT HOME ORDER QUESTIONS

The State of Illinois has answered frequently asked questions here:

<https://www2.illinois.gov/sites/coronavirus/FAQ/Pages/Stay-At-Home-FAQS.aspx>

### Common question we have been seeing and being asked:

What if I am unsure whether my business should be open or closed?

Essential businesses will remain open during the Stay at Home order to provide services that are vital to the lives of Illinoisans. Those businesses include, but are not limited to, pharmacies, certain government offices, day care centers that provide care for the children of essential employees, and restaurants providing take-out meals. If you work for an essential business, you should continue to practice social distancing and should stay at home outside of work hours. If you believe your business is nonessential but are still being asked to show up to work, you may discuss with your employer. Businesses and employees with questions can call the Department of Commerce and Economic Opportunity COVID-19 hotline at [1-800-252-2923](tel:1-800-252-2923) or email [CEO.support@illinois.gov](mailto:CEO.support@illinois.gov).

## TRANSPORTATION

So far, the area mass transit services have been considered essential services and have been operating on normal schedules.

Rides Mass Transit District has suspended all collection of fares at this time. They urge riders to only use public transportation for essential businesses, such as medical appointments or trips to get groceries or medicine.

## DRIVER'S LICENSES/ID CARDS/VEHICLE REGISTRATIONS

Expiration dates for driver's licenses, identification (ID) cards, vehicle registrations and other transactions and document filings will be extended for the duration of the disaster proclaimed by Governor Pritzker and 30 days after the disaster ends.

You can still apply for a vehicle title or a duplicate driver's license or state ID card online at [www.cyberdriveillinois.com](http://www.cyberdriveillinois.com).
