

How Do I Pick a Doctor?

Your options for choosing a doctor may depend on your health insurance.

When you go to the doctor, call their office first and see if they will accept your insurance.

You should also call the number on the back of your insurance card.

Your insurance company may be able to assist with transportation to your appointment, if needed.

Below is a list of Federally Qualified Health Center (FQHC) Providers.

FQHC's are able to offer discounts for their services.
