

## Reasons To Have A Doctor

**Individual Care** - Your Doctor will know your health history and know how to best care for YOU.

**Prevent** - Regular visits to your Doctor will help prevent health problems later in life.

**Manage** - Your Doctor will work with you to manage any health problems you have.

**Recommend** - Your Doctor will recommend and refer you to the best specialists if you need one.

**Save Money** - Regular visits to your Doctor costs much less money than going to the emergency room or hospital.
